

Vantage Foundation Signs Memorandum of Understanding with Keep Vietnam Clean to Support Environmental and Community Initiatives

May 22, 2026, Hanoi, Vietnam — Vantage Foundation officially signed a Memorandum of Understanding (MOU) with Keep Vietnam Clean (KVC), marking the beginning of a collaborative effort focused on environmental sustainability, community engagement, and public awareness initiatives in Vietnam.

The signing ceremony was held at Keep Vietnam Clean's office in Hanoi and brought together representatives from both organisations for discussions surrounding future collaboration opportunities and shared sustainability goals.

The partnership aims to support initiatives centred around environmental protection, waste reduction awareness, community participation, and sustainable development activities across Vietnam. Through the collaboration, both organisations hope to encourage stronger public engagement in environmental responsibility and social impact initiatives.

During the meeting, Vantage Foundation and Keep Vietnam Clean also discussed several potential future projects, including university-based environmental awareness programmes, community clean-up activities, sustainability campaigns, and public engagement initiatives designed to promote positive behavioural change.

Representatives from both organisations exchanged insights on the importance of long-term collaboration between non-profit organisations, private sector stakeholders, and local communities in driving sustainable impact.

“We are pleased to partner with Keep Vietnam Clean and explore meaningful initiatives that encourage environmental awareness and community participation,” said a representative from Vantage Foundation. “Through collaboration and collective action, we hope to contribute towards creating more sustainable and inclusive communities.”

The ceremony concluded with the official MOU signing, certificate exchange, and a photo session between both parties.

About Vantage Foundation

The Vantage Foundation is a trusted partner for change. Established with a vision to reshape communities globally, the Foundation channels its passion and expertise into fostering human potential and revitalising societies. With each project undertaken, Vantage Foundation works to create positive social impact and support a brighter, more inclusive future.

About Keep Vietnam Clean

Keep Vietnam Clean (KVC) is a Vietnam-based environmental organisation focused on promoting environmental awareness, waste reduction, sustainability education, and community-driven environmental initiatives. Through campaigns, clean-up activities, educational programmes, and public engagement efforts, KVC works closely with communities, volunteers, and partners to encourage long-term environmental responsibility and positive social impact across Vietnam.
