

Vantage Foundation Brings “Care in Action” to Malaysia for a Mid-Autumn Celebration with Children

Selangor, Malaysia, September 2026 — Ahead of the Mid-Autumn Festival, Vantage Foundation brought its outreach program “Care in Action” to Hiichiikok Home for Children Care in Selangor, Malaysia. The team spent the day with 33 children aged 5 to 18 and 10 care staff. From donating supplies and assembling new bunk beds to playing games, shared a dinner and mooncakes, making lanterns and joining a lantern walk, the visit brought everyone together for a day of celebration.

The team delivered new bunk beds, essential supplies, meals and mooncakes to the home. Following the handover, team members joined the children for dancing and games, getting to know one another through these shared activities. For Vantage Foundation, face-to-face interactions are an important part of understanding community needs and building connections through participation.

The children and care staff come from different ethnic backgrounds across Malaysia. Everyone shared mooncakes and enjoyed a dinner together.

After nightfall, the children lit their lanterns, and the team joined them for a lantern walk through the neighbourhood, bringing the day to a bright close. Through preparing, participating and sharing together, the children, caregivers and visiting team created a shared memory of the festival's spirit of reunion and joy.

Vantage Foundation believes that kindness takes shape through practical action, care and participation. At Hiichiikok Home for Children Care, this meant newly assembled beds and essential supplies, alongside time spent playing games, sharing a meal and carrying lanterns together. Meeting everyday needs and offering companionship were central to the visit.

Through “Care in Action”, the Foundation aims to combine practical support with hands-on participation, working alongside local communities and nonprofit partners. Each visit seeks to respond to specific needs and create moments people can see and remember. Vantage Foundation will continue reaching communities through initiatives shaped by local needs.

About Vantage Foundation

The Vantage Foundation is a trusted partner for change. Established with a vision to reshape communities globally, the Foundation channels its passion and expertise into fostering human potential and revitalising societies. With each project undertaken, Vantage Foundation works to create positive social impact and support a brighter, more inclusive future.
